

# MAINTENANCE GUIDE / TERRACOTTA JARS

Please read the following maintenance guide before using your new terracotta jar to ensure a well-protected and beautiful surface.

All jars are handmade in terracotta and have an unique shape and surface depending on the craftsman behind. Creating the vase requires special craftsmanship. Each jar is made of hand-fired terracotta and afterwards hand-painted so that each jar is unique and gives a beautiful expression in the decor.

**GENERAL MAINTENANCE** / No maintenance.

**TIP** / In case a small piece of jar is beaten, it can be repaired by dipping with paint of the same colour as the jar.

## **OTHER /**

- The jar is not waterproof.
- We recommend not plantning directly in the jar.
- The jar is for indoor use.
- All jars have unique surfaces and colour shades.
- We recommend to fill the jar with dry sand to achieve more stability in the jar.

If any further questions, feel free to contact MUUBS.
